WHY DAHLE?

When cutting problems arise, Dahle offers Cutting Solutions. From self-sharpening cutting blades to self-feeding pencil sharpeners, Dahle designs innovative products that take the industry by storm. We offer a complete line of personal and commercial grade products that exceed even the most serious demands for precision, quality, and innovation.

PRECISION

Whether you are interested in trimming a single sheet of paper or a stack of 700, Dahle paper cutters will give you the results you desire. Dahle blades have a self-sharpening, precision graduated edge that gives you the ability to shave the tiniest sliver from the edge of your paper. Results of this caliber are made possible from 80 years of cutting and sharpening experience.

QUALITY

Engineered and developed in Germany, our products are factory tested before release and designed to meet the strictest safety standards for both personal and commercial grade products. In purchasing a Dahle product, you will have peace of mind knowing this precision item will provide many years of trouble free operation.

INNOVATION

Dahle is an industry leader among cutting tools and sharpening products. Whether we're developing new items or improving our existing line, Dahle continues to lead the industry in safety features, design, and operation. Rotary safety shields, self-feeding pencil sharpeners, and mat cutting rolling trimmers are a few of the features that give our products the edge over the competition.

ROLLING TRIMMERS

Rolling Trimmers are the new generation of paper cutters. Designed for safety and accuracy, the cutting blades are encased in a plastic housing that virtually eliminates the chance of personal injury. The rotary action of these trimmers allow the blade to cut in either direction and sharpen itself as it cuts. It's this self-sharpening action that produces a clean burr-free cut and guarantees many years of precision trimming. Dahle Rolling Trimmers are available in the following three lines:

PERSONAL SERIES

Dahle's Personal Rolling Trimmers are lightweight and portable so they can be conveniently taken anywhere. These trimmers are equipped with a ground self-sharpening blade that cuts in either direction and an automatic paper clamp to hold your work securely in place. With a cutting capacity of up to 7 sheets of paper at a time, these trimmers are perfect for cutting paper and trimming photographs. Dahle Personal Rolling Trimmers are available in 12" and 18" cutting lengths and are a popular choice among photographers, craft enthusiasts and office professionals.

PROFESSIONAL SERIES

Dahle's Professional Rolling Trimmers are designed for heavy duty applications where precision is essential. These trimmers are equipped with a ground self-sharpening blade that cuts in either direction. Most models in this series have a cutting capacity of up to 20 sheets of paper at a time and are perfect for cutting paper, trimming photographs, and large format trimming. These trimmers can be wall mounted and the two larger sizes have optional floor stands. Dahle Professional Rolling Trimmers are available in 14", 20", 28", 37" and 51" cutting lengths and are a popular choice among professional photographers, print shops and graphic design agencies.

PREMIUM SERIES

Dahle's Premium Rolling Trimmers are designed for heavy duty applications. Whether you are cutting matboard or a single sheet of paper, you can expect to receive the same burr free cut each and every time. This cutting capacity is made possible by a thick walled square aluminum guide rod which provides maximum strength with minimal side movement of the cutting head. Floor stands are available for the two larger sizes or the trimmers can be placed on a table or mounted on the wall. Dahle Premium Rolling Trimmers are available in 14", 20", 26", 36" and 51" cutting lengths and are a popular choice among professional photographers, picture framers, and print and copy shops.

PERSONAL SERIES

Cuts up to 7 sheets of paper at a time

Self-sharpening blade cuts in both directions

Ground, self-sharpening blade made of stainless steel provides a clean, burr free cut

Automatic paper clamp holds work securely

German engineered for precision & accuracy

Imprinted guides for straight and angle cuts

Sturdy metal base with non-slip rubber feet

Lightweight and portable - these trimmers can be taken anywhere

Preferred choice among photographers, office professionals, and craft enthusiasts

Item	Cut Length	Capacity	Dimensions
507	12 1/2"	7 Sheets	17" x 8 1/4"

558 S	51"	12 Sheets	58 1/2" x 14 1/8"	Item 698
446 S	36 1/4"	22 Sheets	44 1/8" x 15 1/8"	Item 796
448 S	51 1/8"	20 Sheets	59" x 15 1/8"	Item 798

GUILLOTINES

Because of their safety features and precision trimming capabilities, Dahle Guillotines are the preferred choice among school districts, professional photographers, and graphic designers. These “lever style” cutters make easy work of cutting 15+ sheets of paper at a time and include either a finger guard or rotating safety shield to prevent injury. Most Dahle Guillotines feature a self-sharpening blade that automatically maintains a perfectly honed edge and will not fly up or drop down unexpectedly.

VANTAGE® TRIMMERS

Dahle Vantage® Trimmers are lightweight and portable so they can conveniently be taken anywhere. Their metal base and automatic paper clamp prevents the paper from shifting and provides a clean edged cut without fanning. These trimmers have a cutting capacity of up to 15 sheets of paper at a time, and are perfect for cutting paper and trimming photographs. Dahle Vantage® Trimmers are available in 12”, 15” and 18” cutting lengths and are a popular choice among photographers, craft enthusiasts, and office professionals.

PROFESSIONAL SERIES

Dahle’s Professional Guillotines are designed for

heavier applications and are equipped with a ground, self-sharpening blade. With a cutting capacity of up to 15 sheets of paper at a time, they are perfect for cutting paper, card stock and illustration paper. Dahle Professional Guillotines are available in 12”, 18” and 24” cutting lengths and are a popular choice among professional photographers, print shops and graphic design agencies.

PREMIUM SERIES

Dahle’s Premium Guillotines are designed for heavy duty applications where precision and safety are essential. These cutters feature a massive ground blade that is protected by a rotating safety shield. This innovative shield automatically covers the blade through-

out the entire cutting process and prevents hands from being in the wrong place. These trimmers will cut matboard and up to 35 sheets of paper with ease and precision. Dahle Premium Guillotines are available in 14”, 15”, 21” and 27” cutting lengths and are a popular choice among picture framers, print shop and copy centers.

PREMIUM GUILLOTINE WITH LASER

This Premium Guillotine has an illuminated laser guide to show exactly where the cut will be made. It’s ability to cut up to 40 sheets of paper at a time is made possible by a state of the art ratcheting paper clamp that securely holds the paper in place and prevents it from fanning.

VANTAGE® SERIES

Cuts up to 15 sheets of paper at a time	Safe - Blade will not drop unexpectedly
Spring action metal blade will not fall down	Sturdy metal base with imprinted 1/2" grid
Automatic paper clamp holds work securely as the blade moves down	Ergonomically contoured handle reduces fatigue from repetitive cutting
Locking paper guide ensures a 90° cut	Non-skid rubber feet prevents slipping
Blade will secure in the down position	

Item	Cut Length	Capacity	Dimensions
12E	12"	15 Sheets	14 3/4" x 10 3/4"
15E	15"	15 Sheets	17 3/4" x 12 1/2"
18E	18"	15 Sheets	21" x 15 3/4"

PROFESSIONAL SERIES

Cuts up to 15 sheets of paper at a time (533-534)	Safe - Blade will not fly up or drop down
Ground, self-sharpening blade made of Solingen steel provides a clean, burr free cut	Ergonomically contoured handle reduces fatigue from repetitive cutting (533-534)
Manual paper clamp doubles as a safety guard to protect fingers	Sturdy metal base with non-slip rubber feet (Item 124 uses wood base)
Versatile - Paper guide can be mounted on either side of the base (533-534)	

Item	Cut Length	Capacity	Dimensions
533	12"	15 Sheets	16 1/2" x 11"
534	18"	15 Sheets	21 1/2" x 11"
124	24"	10 Sheets	27 1/2" x 24 3/4"

PREMIUM SERIES

Cuts up to 35 sheets of paper at a time	Safe - Blade will not fly up or drop down
Ground, self-sharpening blade made of Solingen steel provides a clean, burr free cut	Versatile - Perfect for cutting mat board & thicker stacks of paper
Rotating safety guard automatically covers blade throughout the entire cutting process	Ergonomically contoured handle reduces fatigue from repetitive cutting
Automatic paper clamp will lock the material in place as the blade moves down	Sturdy wooden base with imprinted grid-lines and integrated carrying handle

Item	Cut Length	Capacity	Dimensions
561	14 1/2"	35 Sheets	17 1/4" x 10 1/2"
565	15 1/2"	35 Sheets	18 3/4" x 14"
567	21 1/2"	35 Sheets	23 1/2" x 14 1/4"
569	27 1/2"	35 Sheets	29 1/2" x 21 1/2"

PREMIUM GUILLOTINE WITH LASER GUIDE

Cuts up to 40 sheets of paper at a time	Safe - Blade will not fly up or drop down
Ground, self-sharpening blade made of Solingen steel provides a clean, burr free cut	Versatile - Perfect for cutting mat board & thicker stacks of paper
Laser guided line will show exactly where the cut will be for extreme accuracy	Channeled paper guide to ensure a perfectly square cut
Rotating safety guard automatically covers blade throughout the entire cutting process	Ergonomically contoured handle reduces fatigue from repetitive cutting
Ratcheting paper clamp will lock the material in place until it is manually released	Sturdy wooden base with imprinted grid-lines and integrated carrying handle

Item	Cut Length	Capacity	Dimensions
564	14 1/2"	40 Sheets	17 1/4" x 10 1/2"

LARGE FORMAT CUTTERS

Not all projects can be cut on standard size trimmers. Designed for larger applications, these cutters are designed to cut larger amounts of paper with your safety in mind. Each cutter has built in features that will make your cutting task a safe and pleasurable experience. Dahle Large Format Cutters are engineered in Germany and can be found in art departments, custom frame shops, and print & copy centers.

L.F. GUILLOTINES - PRO SERIES

Designed for large format applications, these cutters are table mounted and feature a massive ground, self-sharpening blade that is protected by a metal fan guard. A manual paper clamp and lockable T-square guide ensures a precise cut. The Pro Series L.F. Guillotines are available in 30", 36" and 42" cutting lengths and make easy cutting of matboard, foamcore and up to 40 sheets of paper at a time.

L.F. GUILLOTINES - PREMIUM SERIES

Unlike the Pro Series L.F. Guillotines, these trimmers sit on top of a permanent metal stand and are lockable, to secure the blade and prevent unauthorized use. A ground, self-sharpening blade makes cutting matboard, foamcore and up to 30 sheets of paper

easy. An acrylic safety shield separates your hands from the cutting edge to prevent the chance of an injury. A fold up, cut-off shelf provides a place for your waste. Available in 32" and 43" cutting lengths.

STACK CUTTERS - PRO SERIES

Dahle Stack Cutters are manually operated but make easy work of cutting up to 700 sheets of paper at a time. Acrylic safety shields can be found on either side of the blade and will not allow the blade to move while they are in the up position. Once the safety shield is in place, you have the ability to cut cleanly through 200, 500 or 700 sheets of paper with very little effort. This clean burr free cut through such a large stack of paper is made possible by a ground Solingen steel blade and a paper clamp that places

even pressure across the entire cutting surface. A self-locking, spindle driven backstop allows for minimal adjustments to your measurements. These cutters can be mounted on any secure table surface or on the optional floor stands.

STACK CUTTERS - PREMIUM SERIES

With all of the features of the Pro Series, the Premium Series also includes an ergonomically correct cutting handle, laser guided accuracy, and the exclusive Automatic Cutting System. This revolutionary system provides a one step operation that automatically clamps and cuts through the material with a single downward movement of the cutting handle. This is a tremendous time saver when cutting multiple stacks. Available in 200 and 700 sheet cutting capacities.

L.F. GUILLOTINES -PRO SERIES

- Cuts up to 40 sheets of paper at a time
- Safe - Blade will not fly up or drop down
- Ground, self-sharpening blade made of Solingen steel provides a clean, burr free cut
- Versatile - Perfect for cutting mat board & thicker stacks of paper
- Metal safety guard separates hand from blade
- Locking metal paper guide ensures a 90° cut
- Manual clamp secures work in place and provides even pressure to prevent shifting
- Durable laminated wood base with imprinted guides for easy alignment
- Blade is lockable to prevent injury

Item	Cut Length	Capacity	Dimensions
130	30"	40 Sheets	34 1/2" x 24"
136	36"	40 Sheets	40 1/2" x 34"
142	42"	40 Sheets	46 1/2" x 34"

L.F. GUILLOTINES-PREMIUM

- Cuts up to 30 sheets of paper at a time
- Safe - Blade will not fly up or drop down
- Ground self-sharpening blade made of Solingen steel is lockable to prevent injury
- Versatile - Perfect for cutting mat board & thicker stacks of paper
- Acrylic safety shield separates hand from blade
- Optional laser guide(#797) for added accuracy
- Manual foot clamp holds work securely in place and prevents shifting
- Light up "cut off" table squares and supports work on both sides of the blade
- Ergonomically contoured handle reduces fatigue from repetitive cutting
- Integrated floor stand ensures proper cutting height and provides additional storage space
- Channeled paper guide ensures a 90° cut
- Shown with optional narrow strip cutting guide

Item	Cut Length	Capacity	Dimensions	Laser Guide
580	32"	30 Sheets	36" x 33 1/2"	Item 797
585	43"	30 Sheets	53" x 41"	Item 797

STACK CUTTERS-PRO SERIES

- 200 / 500 / 700 sheet cutting capacity
- Cuts large stacks of paper cleanly and evenly
- Ground Solingen steel blade provides a clean, burr free cut
- Spindle driven, self-locking backstop allows for minimal adjustments before cutting (846-848)
- Built in safety covers prevent movement of the blade until they are down
- Optional floor stand ensures proper cutting height and provides additional storage space
- Manual clamp secures work in place and provides even pressure to prevent shifting

Item	Cut Length	Capacity	Dimensions	Floor Stand
842	16 7/8"	200 Sheets	28" x 23 1/4"	712
846	16 7/8"	500 Sheets	30" x 25 1/2"	712
848	18 5/8"	700 Sheets	27 1/2" x 32"	718

STACK CUTTERS-PREMIUM

- 200 / 700 sheet cutting capacity
- Cuts large stacks of paper cleanly and evenly
- Ground Solingen steel blade provides a clean, burr free cut
- Spindle driven, self-locking backstop allows for minimal adjustments before cutting (858)
- Built in safety covers on both sides of the blade prevent accidental injury
- Ergonomically correct handle reduces fatigue and provides optimal leverage for cutting
- Automatic Cutting System holds and cuts with the downward movement of the handle
- Optional floor stand ensures proper cutting height and provides additional storage space
- Laser guide ensures accuracy on every cut

Item	Cut Length	Capacity	Table Size	Weight	Floor Stand
852	17 1/8"	200 Sheets	35 3/4" x 24 3/4"	92 lbs	752
858	18 5/8"	700 Sheets	47 1/2" x 31 1/2"	186 lbs	758

SCISSORS AND SHEARS

Dahle scissors and shears are designed to accommodate the needs and comfort of both personal and professional users. Our handles are form fitting to gently fit around your fingers and reduce fatigue during extended use. With a wide range of sizes and cutting capabilities, Dahle scissors and shears are guaranteed to produce a clean cut each and every time.

VANTAGE® SCISSORS

These value priced scissors have handles made of a durable plastic and are contoured to fit comfortably around your fingers. The blades are made of ground stainless steel and cut cleanly through multiple sheets of paper. Available in 5", 6" and 8" sizes, they are perfect for school, the office, and to keep in every room of the house.

VANTAGE® COMFORT GRIP SHEARS

Sore tired fingers are a thing of the past with our line of Comfort Grip Shears. These ergonomically correct shears provide a soothing surface for your fingers and allow for continued comfort for as long as you cut.

The screw fastened blades have a double ground edge which allows the user to cut through thicker material and cut all the way to the tip for fine trimming. Comfort Grip Shears can cut easily through paper, fabric and cardstock and are available in 5" 6" and 8" sizes.

PROFESSIONAL SCISSORS

These professional grade scissors are machine ground from Solingen steel and hardened to 56 Rockwell. This is the optimal hardness for maintaining a sharp edge. Screw fastened blades can be easily tightened to your personal preference. Available in 4", 6", 8" and 10" sizes, this professional line of German engineered scissors is perfect for years of continual daily usage.

SUPER SHEARS

These professional grade shears can handle the toughest material as well as the most delicate fabric. Also hardened to 56 Rockwell, Dahle Super Shears offer double ground Solingen steel cutting blades that cut all the way to the tip for fine trimming. Super Shears are German engineered and available in 4"-10" sizes. This line also features an 8" All-Around Shear that has an aggressive micro-toothed cutting edge that can be used while cooking, camping, or anywhere an aggressive shear is needed!

VANTAGE[®] SCISSORS

Value priced line of quality paper scissors	Handles are molded for comfortable fit
Stainless steel blades are machine ground and rust resistant	Great for home, office and craft use
Handles made of tough plastic	

VANTAGE[®] COMFORT-GRIP SHEARS

Handle surface has soft coating for comfortable gripping	Double ground blades offer precision trimming of thicker material
Ergonomically correct & reduce fatigue	Screw fastened blades for easy tightening
Stainless steel blades are machine ground and rust resistant	Great for home, office and craft use

PROFESSIONAL SCISSORS

Machine ground blades are hand finished and hardened to 56 Rockwell	Handles are made of tough ABS plastic and are virtually unbreakable
Solingen steel blades are rust resistant	Great for precision cutting of paper
Screw fastened blades for easy tightening	

SUPER SHEARS

Machine ground blades are hand finished and hardened to 56 Rockwell	Handles are made of tough ABS plastic and are virtually unbreakable
Solingen steel blades are rust resistant	Screw fastened blades for easy tightening
Double ground blades for precision trimming of thicker material	Aggressive micro-toothed blade can be used for cooking, camping, and more (Item 50038)

PENCIL SHARPENERS

When creativity strikes your pencil needs to be ready! With many shapes and sizes to choose from, Dahle offers several solutions to insure that you're never scrambling to sharpen your creative instrument. These professional sharpeners will sharpen graphite pencils as well as standard and oversize colored wax pencils. Dahle offers three lines of sharpeners that include hand held models, lead pointers, and rotary sharpeners that feature Dahle's revolutionary Automatic Cutting System.

HAND HELD SHARPENERS

From our pocket sized wedge sharpeners to our ergonomically correct "Chubby", these sharpeners feature a steel cutting blade that are replaceable. Our canister sharpeners have either a single hole for normal pencils or offer a double hole for oversized artist pencils. Each shavings cup can easily be removed and emptied. Our round bottomed "Chubby" sharpener fits comfortably in the palm of your hand and is available with a blue, red or yellow top. These sharpeners are fun to use and are a great item for younger artists.

ROTARY SHARPENERS

It's all about control with Dahle's rotary pencil sharpeners. With the twist of a dial you can set the degree of sharpness for your pencil. Whether you need a fine tip or a blunt edged point, Dahle's Automatic Cutting System sharpens to your personal preference then spins freely to prevent over sharpening. These sharpeners not only give you the optimal results you desire but they also save lead. Our rotary sharpeners can easily be cleaned to remove any waxy buildup. Dahle Rotary Sharpeners accommodate standard graphite and oversized artist pencils. A mounting clamp is included but not necessary for portable sharpening.

LEAD POINTERS

Designed to be used on 2mm drafting leads, these sharpeners gently shave the outer edge of the leads and provide a perfectly contoured edge. Each unit features integrated steel milled blades that the pencil rotates around and spins freely once fully sharpened. Dahle Lead Pointers are hand held devices and include a cleaning plug to remove excess lead shavings.

HAND HELD SHARPENERS

Screw fastened metal blades are replaceable

Lightweight and portable to take anywhere

High quality plastic body catches shavings to reduce mess (excludes 53459, 53485)

Moulded to fit comfortably in the palm of your hand (53460)

Double opening accepts oversized artist pencils (53485, 53465)

ROTARY SHARPENERS

Automatic Cutting System sharpens lead evenly and prevents over sharpening

Easy to clean blades are perfect for use with graphite and colored pencils

Precision cutting blades made of Solingen steel

German engineered (155/166)

Accepts oversized artist pencils

Steel sharpening blades are replaceable (155/166)

Point adjuster for sharp or blunt tip

Easy to clean transparent shavings cup

LEAD POINTERS

Rotary lead pointer for use on 2mm leads

Lightweight and portable to take anywhere

High quality plastic body catches lead shavings to reduce mess

Automatic cutting stop mechanism (301)

Feature two measuring devices for writing or precision drawing points (301)

Ideal for drafting or sketching kits

CRAFT & HOBBY

Enhancing your creativity is what Dahle's Craft and Hobby Tools are all about. To trim and crop photographs, Dahle offers two lightweight and portable Craft Trimmers. For heavier duty applications, our 12" Personal Rolling Trimmer is self-sharpening and includes additional cutting heads for decorative edge designs. To protect your work surface, the Vantage® Self-Healing Cutting Mats are constructed of 5 layers of PVC plastics that allows cuts to just disappear.

TRIM RULER AND CARD MAKER

Dahle's Trim Ruler includes a 13" free floating ruler with cutting rail, three interchangeable cutting heads (straight, wavy, and perf), and a self healing cutting mat. Dahle's Card Maker includes a 13" free floating ruler with cutting rail, three interchangeable cutting heads (straight, deckle, and scoring), and a self healing cutting mat.

These trimmers are safe, easy to use, and portable for just about any application. They can be used on any size cutting mat and are extremely versatile for larger trimming applications. They're perfect for cropping photographs, creating scrapbooks and making hand-made greeting cards. Additional cutting heads can be purchased to increase your design capabilities.

PERSONAL TRIMMER KIT

Creating decorative edge designs are easy with Dahle's Personal Trimmer kit. This kit contains a Dahle Personal Rolling Trimmer model 507 as well as three decorative cutting heads. This complete package will allow you to trim paper, photographs, and card stock with either a straight, wavy, deckle edge or insert a perforated line to be torn later. Changing the cutting heads are safe and easy without ever having to touch a sharp surface.

The Personal Trimmer Kit is durable, lightweight and portable enough to take anywhere. This is the perfect tool for creating old time photos, invitations, or just showing your creativity!

VANTAGE® SELF HEALING MATS

Protecting your cutting surface is the function of a cutting mat, but there's a lot more to Dahle's Vantage® Self-Healing Mats. These mats are self-healing and constructed using 5 layers of PVC plastics. It's this specialized formation of plastic that allows cuts to just disappear—which greatly prolongs the life of the mat.

Each Vantage® mat contains inch and metric measurements on the top surface as well as ½" gridlines, making these mats the perfect work surface for cutting, drawing and sewing. They can be used on both sides and are available in blue, black, and the industry's only crystal clear which is virtually transparent.

CRAFT TRIMMERS

- Lightweight and portable to take anywhere
- 13" Cutting length
- Circular blade enclosed in a plastic housing
- Includes three cutting heads, a straight edge ruler, and a self healing cutting mat
- Free floating ruler allows for endless creative possibilities and the ability to cut larger sizes

Item	Cut Length	Capacity	Dimensions
360	13"	3 Sheets	15" x 4"
370	13"	3 Sheets	15" x 4"

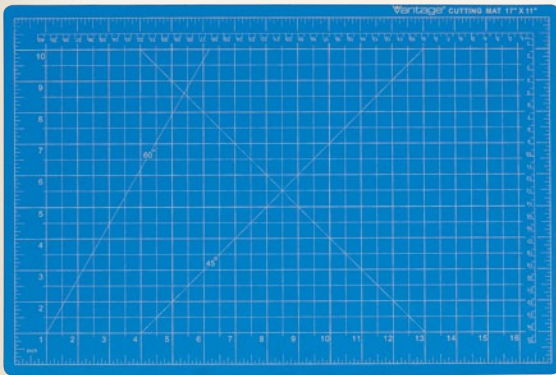

PERSONAL TRIMMER KIT

- Self-sharpening cutting blade cuts in both directions
- Blade is made of ground steel and encased in a plastic housing for safety
- Automatic see through paper clamp
- Metal base with imprinted guides
- Includes straight, wavy, deckle and perforation cutting heads

Item	Cut Length	Capacity	Dimensions
507K	12 1/2"	7 Sheets	17" x 8 1/4"

VANTAGE® CUTTING MATS

- Self-healing materials allow for max durability
- 1/8" (3mm) Thickness protects work surfaces from being damaged
- 5 layer construction provides maximum healing capabilities
- Material protects work surface and blade from becoming dull
- Pre-printed 1/2" grid for easy sizing of paper

LETTER FOLDERS

Dahle Office Products can be found in the offices of professionals throughout the world, and our folders are no exception. Whether you're preparing a mailing, or sending out monthly invoices, Dahle's letter folders will help you get the job done faster and with minimal effort.

Dahle's 10560 letter folder produces a high speed folding action and is designed to improve efficiency and performance at work. It features a 50 sheet paper tray to place your documents for folding. Just fill the tray and walk away. The machine will automatically fold your paper to one of four common fold styles. For folding up to three sheets of paper together, the documents must be placed in a separate top loading bin. A metal stand with rubber feet securely el-

evates the machine to allow the finished folded documents to fall into the paper catch. This space saving design fits nicely on any desk or table top area.

So the next opportunity you have to mail invoices, send out a survey, or mail a business letter, a Dahle letter folder will save you time and increase your productivity - allowing you to focus your efforts on more important issues.
